WHAT DO WE EAT?

The kind of food we eat depends on which part of the world we live in, or which part of our country we live in. For example, in the south of China they eat rice, but in the north they eat noodles. In Scandinavia, they eat a lot of herrings, and the Portuguese love sardines. But in central Europe, away from the sea, people don't eat so much fish, they eat more meat and sausages. In Germany and Poland there are hundreds of different kinds of sausages.
